UC Banner

Please confirm the info

School	~~~~~
term	~~~~~
course#	~~~~~
course career	~~~~~
email	~~~~~
text	~~~~~

confirm

confirm.html

- UC banner is similar to userData's banner except uses a different picture
- information in table is retrieved from user's inputted data in userData.html
- clicking 'confirm' sends to runProgram.html

OO

Prereqs before run Program:

- 1) ~~~~~
- 2) ~~~~~
- 3) ~~~~~

- close tab
- confirmation email

run

OO

runProgram.html

- sets some technicalities for the user
- prerequisites defining the current state of the machine (ie. strong, reliable wifi; do not close computer; etc)
- once see new window pop up after clicking confirm, you may close this tab.
- should receive an email confirming that you started the program
